

CONNECTICUT LODGING ASSOCIATION

BENEFITS OF PROPERTY MEMBERSHIP

The Connecticut Lodging Association (CLA), founded in 1904, has a long history as the only industry trade association to represent Connecticut's lodging industry. CLA's foundation is based in advocacy, involved in speaking on behalf of the lodging industry on Connecticut legislative and regulatory issues.

The strength of CLA is directly related to its membership. Its future success in the ability to advance and protect the industry depends on the strength and diversity of the membership. As a member organization, the course CLA takes in the many critical issues facing the lodging industry is decided by membership. Please decide to make a difference and support CLA.
